4. [Redacted] LIAISON Called Fletcher Adkinson, staff member, Senate Government Operations Permanent Subcommittee on Investigations, at his hotel in Los Angeles and informed him that the Agency had no information concerning his request of last week (see Memorandum for the Record). I also informed Adkinson that the Agency could not provide any identifying nomenclature of the weapon which he had described to [Redacted] DDS&T, in their recent chance meeting and asked that [Redacted] check it out for him. The weapon was a cut down twelve-gauge automatic shotgun used by U. S. special forces.
